Accounting estimates

The preparation of financial statements in conformity with Vietnamese Accounting Standards, Vietnamese Accounting System applicable to insurance enterprises and prevailing relevant regulations in Vietnam requires the management to make estimates and assumptions that affect the reported amount of assets, liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amount of revenues expenses during the quarter. Actual results could differ from those estimates.

Capital contribution in joint ventures

A joint venture is a contractual agreement whereby the Corporation and other parties undertake an economic activity that is subject to a joint control. Joint control is understood as the strategic financial and operating policy decisions relating to the activities require the unanimous consent of the parties sharing control.

Investment in joint venture is an investment through which Corporation has significant impact in decision making process of finance and operation area of the party receiving investment but does not control these policies.

The capital contribution is recognized at the net amount of the cost and presented on the balance

sheet as an investment in joint venture.

Cash and cash equivalents

Cash and cash equivalents comprise cash on hand, demand deposits and short-term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Accounts receivable and provision for doubtful debts

Provision for doubtful debts is made for receivables that are overdue for six months or more, or when the debtor is in dissolution, in bankruptcy, or is experiencing similar difficulties and so may be unable to repay the debt.

The calculation of provision for doubtful debts is as follows:

With regard to customers with total reinsurance-related receivables balance less than total reinsurance-related payables balance, no provision should be made. In the contrary case, the Corporation will offset the insurance-related payables balance with the insurance-related receivables balance based on the principle of offsetting the ones that have been overdue for the longest time to the shortest time. The outstanding balance by client after offset, according to Circular No. 228/2009/TT-BTC dated 07 December 2009 of the Ministry of Finance, will be subject to provision for doubtful debts on the following basis:

- No provision is made for accounts receivable (the balance after offsetting) overdue for less than 6 months;
- For accounts receivable (the balance after offsetting) over due from 06 to less than 12 months, the provision is made at the rate of 30%;
- For accounts receivable (the balance after offsetting) over due from 12 to less than 24 months, the provision is made at the rate of 50%;
- For accounts receivable (the balance after offsetting) over due from 24 to less than 36 months, the provision is made at the rate of 70%;
- For accounts receivable (the balance after offsetting) over due from 36 months, the provision is made at the rate of 100%.

Provision for severance allowance

This provision is made according to regulations in Article 48 of the Labour Code No. 10/2012/QH13 dated 18 June 2012 and internal regulations of the Corporation.

Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost less accumulated depreciation. The costs of purchased tangible fixed assets comprise their purchase prices and any directly attributable costs of bringing the assets to their working condition and location for their intended use.

Tangible fixed assets are depreciated using the straight-line method over the following estimated useful lives:

| | <u>Years</u> |
|----------------------|--------------|
| Building, structures | 25 |
| Motor vehicles | 6 |
| Office equipment | 4 |
| Other fixed assets | 4 – 5 |

Intangible fixed assets and depreciation

Intangible fixed assets are stated at cost less accumulated depreciation. The costs of purchased intangible fixed assets comprise their purchase prices and any directly attributable costs of bringing the assets to their working condition and location for their intended use.

Intangible fixed asset of the Corporation is computer software, and is depreciated using the straight-line method over the estimated useful lives. Duration of depreciation is: 5 years.

Investments in securities

Investments in securities are recognised on the date of purchase and are initially measured at cost, including directly attributable transaction costs.

At the subsequent reporting dates, investments in securities are measured at cost, less the amount of diminution in value of investments in securities.

Provision for diminution in value of investments in securities is made in accordance with prevailing accounting regulations. Accordingly, the Company is allowed to make provision for investment in freely traded securities with book value higher than market value at the balance sheet date.

Revenue recognition

Reinsurance inward revenue is recognised following the statement of accounts agreed by the Corporation and the re-insurers. Reinsurance outward revenue is recognised when the Corporation receives an acceptance statement of the re-insurer following the respective reinsurance notices issued by the Corporation. Such recognition is in conformity with regulations of financial regime applicable to insurance enterprises.

Income from stock investments is recognised upon a notification of profit-sharing released by the investee.

Interest income from deposits, public bonds, bank debentures, Government bonds, and loans is recognised when incurred.

Income from office leasing is recognised when incurred.

Recognition of equity capital

Owners' equity: is the paid-up capital of the shareholders

Capital surplus is the amount of money received from the share issuance in 2007 which is larger than the value of shares issued plus the costs of the issuance.

Retained profit: is the profit retained from business operations (*after allocating to various funds and dividend payment*).

Foreign currencies

- The Corporation applies an accounting exchange rate of 22,500 VND/USD in the year (for the year ended 31 December 2016: 22,500 VND/USD) to transactions arising in foreign currencies during the year. Such transactions are initially translated into VND using the accounting exchange rate and then using the actual rate applicable on the payment date. Such exchange differences are recorded in the income statement.

- Liabilities and receivables relating to recognition of revenues and expenses from reinsurance for the year denominated in USD: At the balance sheet date, balances of receivables are translated using the Joint Stock Commercial Bank for Foreign Trade of Vietnam (Vietcombank)'s buying exchange rate of 22,700 VND/USD (as at 30 June 2017: 22,700 VND/USD), balances of payables are translated using the Joint Stock Commercial Bank for Foreign Trade of Vietnam (Vietcombank)'s selling exchange rate of 22,770 VND/USD (as at 30 June 2017: 22,770 VND/USD)
- Liabilities and receivables relating to recognition of revenues and expenses from reinsurance for the year denominated in currencies other than USD at the balance sheet date are translated into USD at the accounting Exchange rate as follow: At the balance sheet date, balances of receivables are translated using the Joint Stock Commercial Bank for Foreign Trade of Vietnam (Vietcombank)'s buying exchange rate of 22,700 VND/USD (as at 30 June 2017: 22,700 VND/USD), balances of payables are translated using the Joint Stock Commercial Bank for Foreign Trade of Vietnam (Vietcombank)'s selling exchange rate of 22,770 VND/USD (as at 30 June 2017: 22,770 VND/USD)
- With regard to monetary assets, receivables and liabilities denominated in foreign currencies that are not related to recognition of revenue and expense for the year, the Corporation applies the method of recording foreign exchange differences in accordance with Vietnamese Accounting Standard No. 10 (VAS 10) "Effects of changes in foreign exchange rates" issued by the Ministry of Finance providing guidance on recognition measurement and treatment of foreign exchanges differences in enterprises. Accordingly, transactions arising in foreign currencies are translated at exchange rates ruling at the transaction date. The balances of monetary items denominated in foreign currencies as at the balance sheet date are retranslated at the exchange rates on the same date. Exchange differences arising from the translation of these accounts are recognised in the income statement. Exchange differences from revaluation of balances of monetary assets, liabilities, receivables denominated in foreign currencies as at the balance sheet date are not used for dividend payment.

Under-writing reserves

On 19 April 2012, the Ministry of Finance issued Official Letter No. 5297/BTC-QLBH on the registration of the method to make reserves for insurance transactions of the Corporation since 2012. Accordingly, underwriting reserves of the Corporation in the year are made as follows:

Premium reserve: This reserve is provided for at 25% of the premium retained for the quarter over all types of cargo insurance (by land, seaway, waterway, railway and airway) and at 50% for other types.

Claim reserves:

- The Corporation applies a claim estimation method based on the nature of each case when claim reserve is insured for losses reported or claimed but remained unsettled at fiscal quarter-end.
- For losses that have incurred but have not been reported (IBNR), the Corporation applies 5% of the premium retained over all types of insurance.

Catastrophe reserve: This reserve is made annually under statistical method (at a rate of 3% of retention rate of all transactions) until it reaches 100% of premium retained in the year in accordance with Decree No. 46/2007/ND-CP dated 27 March 2007 issued by the Government.

Corporation is not allowed to compensate reserves for inward reinsurance activities and outward reinsurance activities. These reserves should be presented under separate items in the balance sheet. Accordingly, unearned premium reserve, claim reserve for inward reinsurance and catastrophe reserve are recognized as payables while unearned premium reserve for outward reinsurance and claim reserve for outward reinsurance are recognized as reinsurance assets.

Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

The tax currently payable is based on taxable profit for the year. Taxable profit differs from profit before tax as reported in the income statement because it excludes items of income that are not taxable or expense that are deductible in calculation of taxable income.

Deferred corporate income tax is recognized for all temporary differences and deferred corporate income tax asset is only recognized when it is certain that there is sufficient profit for calculation of tax in the future to deduct the temporary differences

Calculation of tax duties of Corporation is based on current taxation regulations. However, these regulations change over period of time and the final calculation of corporate income tax depends on the test result of relevant tax authorities.

Other taxes are paid in accordance with the prevailing tax laws in Vietnam.
